FIG. 5 is a perspective view of a person standing in a room, with a large, ornate, multi-tiered, rectangular structure (12) positioned behind them. The structure (12) has a large, oval-shaped opening in the center, through which a person's legs and feet are visible. The person is standing on a floor covered with small, circular objects (10). The room features a toilet in the background, a lamp on a table, and several framed pictures on the wall.

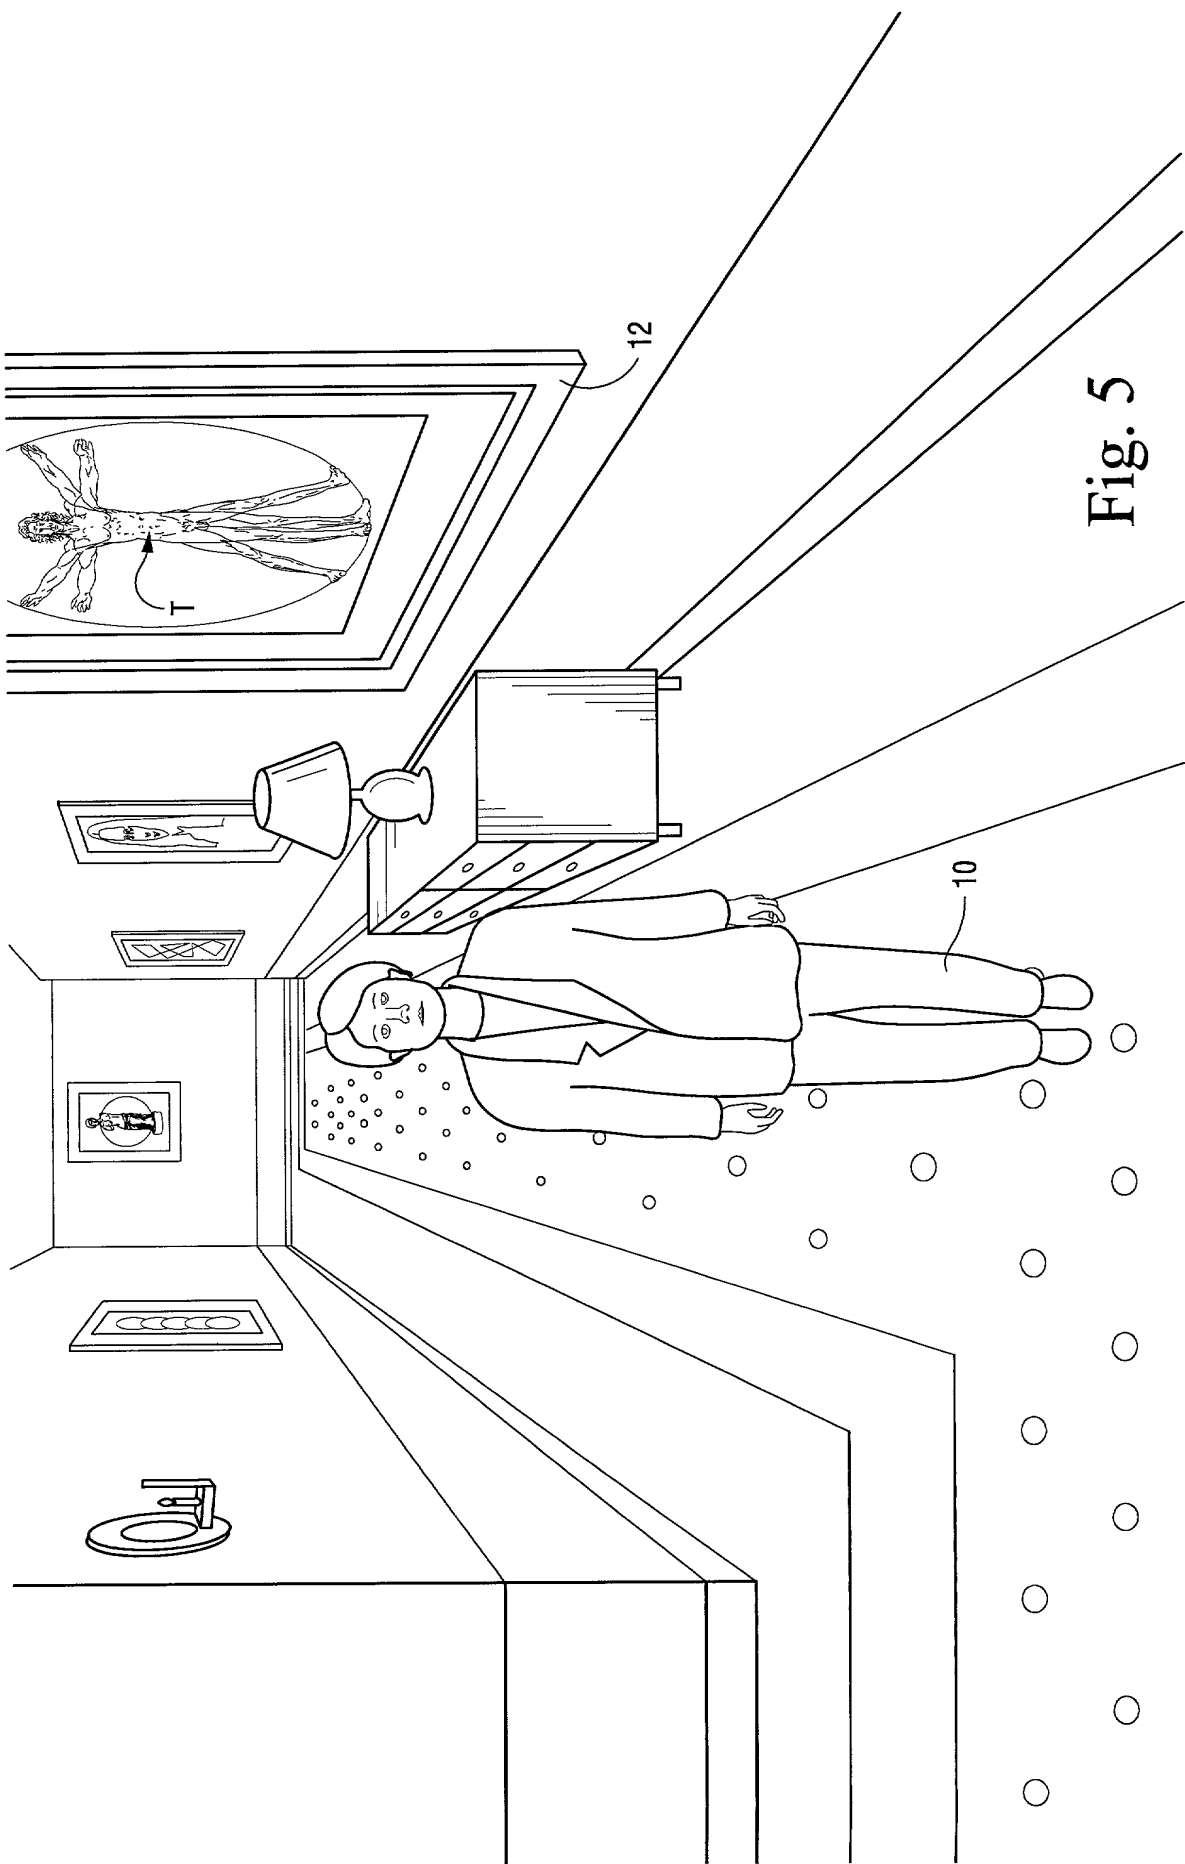

Fig. 5

FIG. 5a is a perspective view of a person 10 standing in a room 12, looking at a large framed picture 14 on the wall. The picture 14 depicts a person in a dynamic pose. A dashed line T indicates the line of sight from the person 10 to the picture 14. The room 12 includes a lamp 16, a small framed picture 18, a large framed picture 20, a small framed picture 22, a small framed picture 24, and a small framed picture 26. The floor is covered with a pattern of small circles.

FIG. 7A is a perspective view of a room 10 showing a person 14 standing in the room. The room 10 includes a fireplace 12, a lamp 16, a television 18, and a window 20. The person 14 is standing in the center of the room 10.

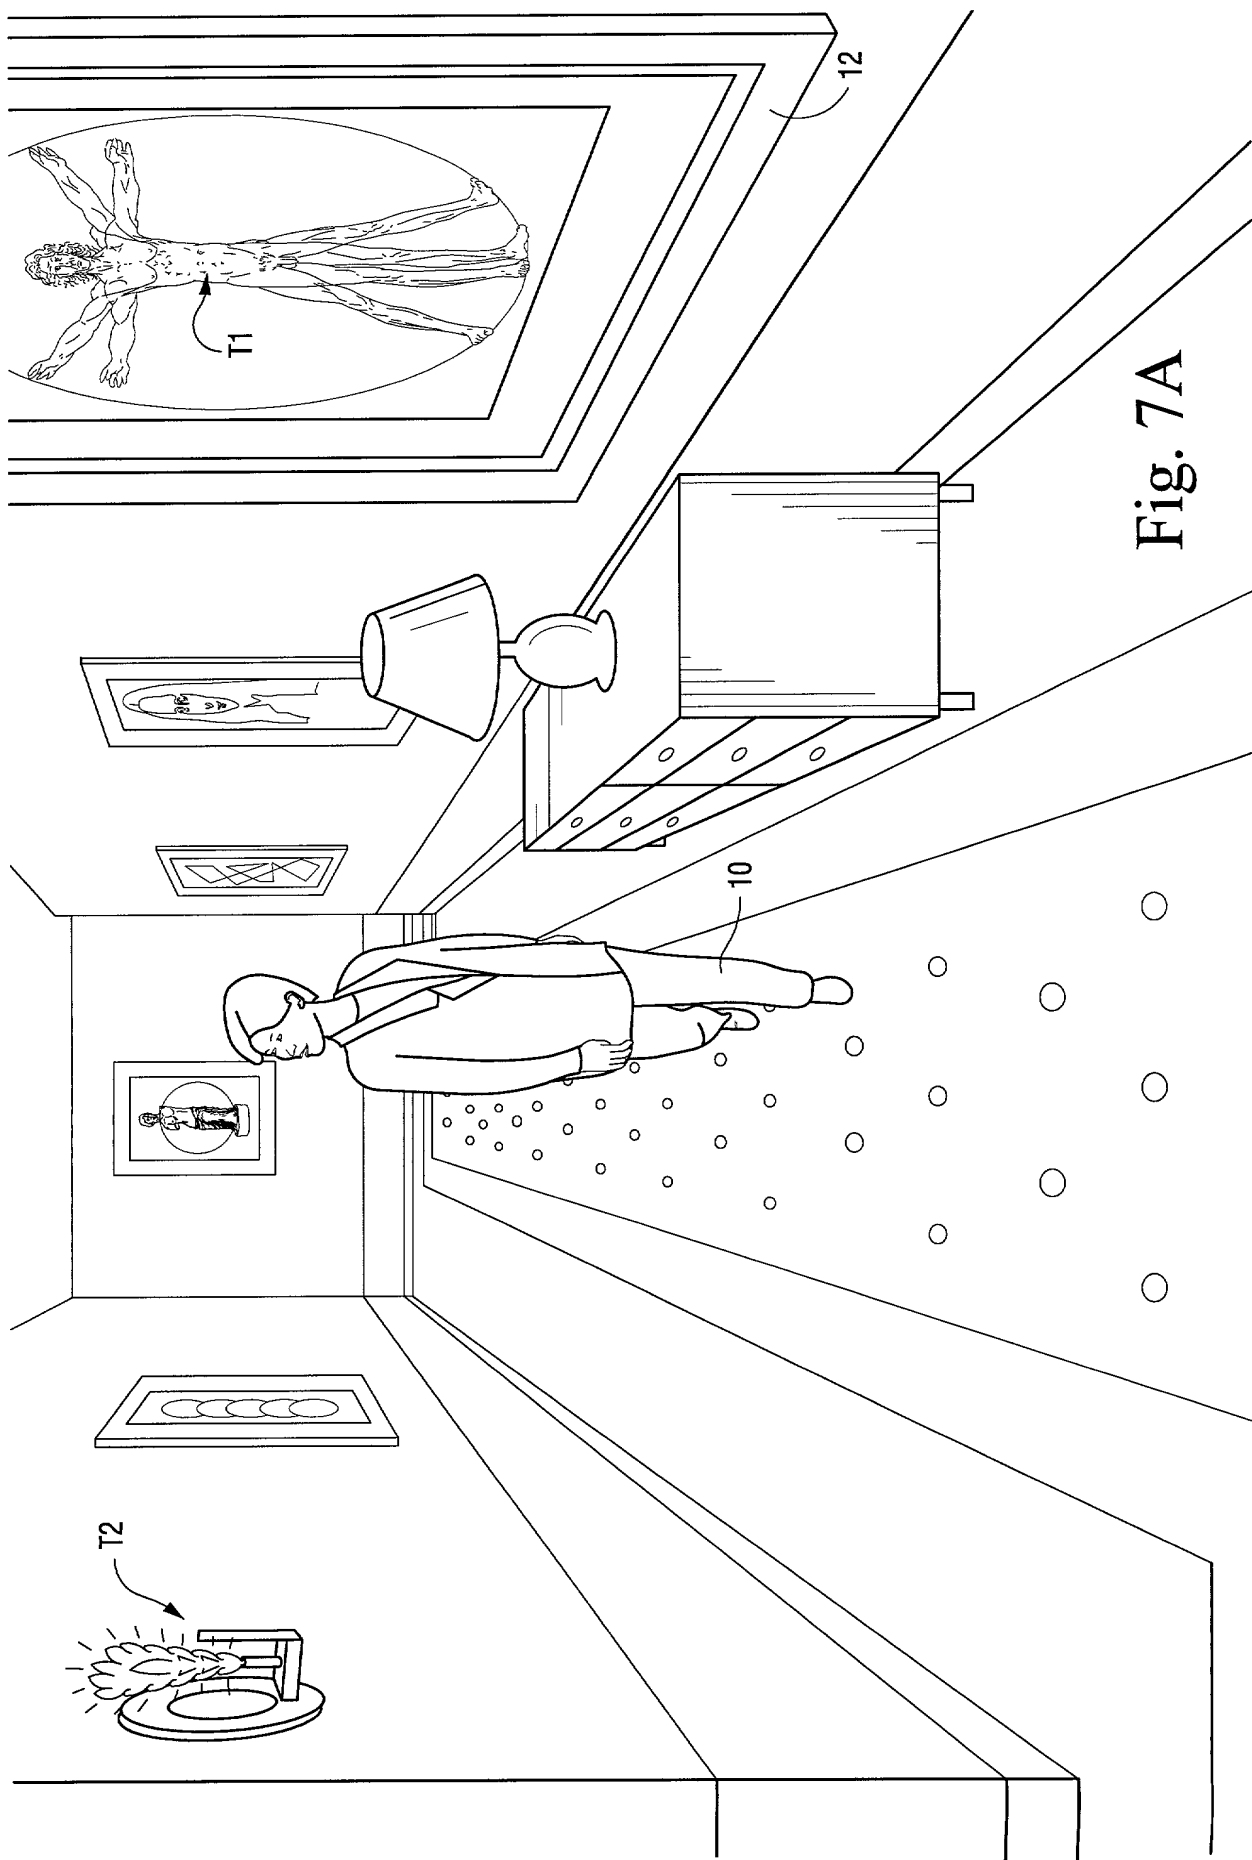

Fig. 7A

FIG. 7B is a perspective view of the system 10 in a bathroom. The system 10 is shown in a corner of the room, adjacent to a toilet 12 and a vanity 14. The system 10 includes a base 16 and a display 18. The base 16 is positioned on the floor, and the display 18 is mounted on the wall. The system 10 is designed to provide information to the user, such as the temperature of the water in the toilet 12.
